

Chayada Pakpoomkamonlert

BSc (Hons) Computer Science, The Hong Kong Polytechnic University

📞 (+852) 5636-6434 📞 (+66) 86-735-5160 ✉️ cchayadapak@gmail.com

🌐 cchayadap.github.io/portfolio 🌐 linkedin.com/in/chayada

Focus: Full-Stack Software Development, Game Development

Skills

Programming Languages: C, C++, Python, Java, JavaScript, TypeScript, SQL, PL/SQL, Lua

Web & Markup: HTML, CSS

Tech & Tools: Unity, Godot, Oracle APEX, Visual Studio, SolidWorks, CoppeliaSim, Arduino IDE, BASIC Stamp

Languages: English (Fluent), Thai (Native)

Additional Skills: Graphics Design, Mathematical Modelling, AI Data Annotation

Education

The Hong Kong Polytechnic University

2024–2028

BSc (HONS) scheme in Computer Science: Tuition Scholarship

- Current GPA: 3.55 / 4.30 (Year 3)
- Dean's List, Faculty of Engineering & Dept. of Computing, AY 2024–2025

Auckland University of Technology

Feb–Jun 2026

Exchange Semester, Computer Science: Tuition Scholarship

- GPA: 8.25 / 9.00 (All A-Range)
- Coursework: Networks & Internet, Operating Systems, HCI, Computer Graphics Programming

Experience

Gosoft (Thailand)

Jul–Aug 2026

Full-Stack Software Engineer Intern — Retail Unit, Product Data Management

- Developed a Product Data Management (PDM) database for 7-Eleven Thailand, used across the retail unit's internal workflows.
- Identified and resolved 100+ UI/UX defects in the PDM application through systematic testing, improving application reliability.
- Tools: Oracle APEX, PL/SQL, HTML, MS Excel, Documentation

T-Maxx International

Apr–Aug 2026

LLM Data Annotator — Freelance, Remote

- Annotated and analyzed AI voice and text responses across Thai-English linguistic contexts to support model evaluation.
- Tools: MS Excel, Translation, Data Annotation, Data Analysis, Documentation

KVIS-Connect (kvis-connect.com)

Apr–Jul 2026

Cofounder, Designer & Full-Stack Developer

- Co-founded and designed a networking platform for Kamnoetvidya Science Academy alumni, students, and staff to connect and share research interests; presented at KVIS Homecoming 2026.
- Grew the platform to 169 registered users within the first month of launch.
- Built the full-stack architecture using Python (backend) and TypeScript (frontend).
- Tools: Python, TypeScript

Vidyasirimedhi Institute of Science and Technology (VISTEC)

Jun–Aug 2024

Research Intern — BRAIN Laboratory, School of Information Science and Technology

Research: Self-Organized Stick Insect-Like Locomotion under Decentralized Adaptive Neural Control

- Analyzed stick insects' leg movement and neural activity to model how sensory input shapes motor output via Central Pattern Generator signal pathways, mirroring central nervous system function.
- Built a CoppeliaSim simulation of stick insect-like locomotion under decentralized adaptive neural control, tuning learning rates for a Radial Basis Function network to improve training performance.
- Tools: CoppeliaSim, Lua, Python, Neural Networks, Motion Tracking

Kamnoetvidya Science Academy

2022–2024

Student Researcher — Mathematics

Research: The System's Behavior of a Certain Type of Piecewise Linear Difference Equations

- Solved piecewise linear difference equations to characterize the recursive behavior of system solutions.
- Presented findings at the Annual Pure and Applied Mathematics (APAM) Conference 2023 and the Kamnoetvidya Invitational Science Fair (KVIS-ISF) 2024.
- Tools: Python, Recursive Equation Modelling, Pattern Recognition

Assistive Hardware Projects: Electric Bed & EMG Wheelchair Control

2022–2023

Biomedical / Embedded Systems

- Engineered a force-sensor electric bed with Bluetooth-microcontroller safety features (SolidWorks; TIA2023, Samsung Innovation Thailand 2023) and an EMG muscle-signal wheelchair control framework (TJ-SIF2022; SCB Challenge semi-finalist).
- Tools: Arduino IDE, SolidWorks, Microcontroller, EMG Signals, Pitching

Extracurricular & Leadership

- **Marketing & PR Executive Committee, PolyU Thai Student Association (2025):** Coordinated efforts for the association's events and outreach.
- **Media Team Contributor (2021–2025):** Instagram co-admin for KVIS-ISF and KVIS Art Festival; news writer covering KVIS-ISF (2022, 2023); English-Thai translator for Khan Academy Club (2021).
- **Vice President & Initiator, Japanese Culture Appreciation Club (2023):** Founded and led the club's activities.
- **Student Council (2021):** Long-Term Plan Division (2021).

Achievements, Awards & Scores

- **Thailand-UK Python+Astronomy Summer School (2022):** Distinction/Special Prize.
- **APLO (2023):** Selected National Contestant
- **CANSAT-ROCKET (2022):** Final Round Participant.
- **IELTS 7.0** (L 8.0, R 8.5, S 6.0, W 6.0)
- **SAT 1420** (EBRW 630, Math 790)
- **AP Physics C (E&M) 4.0**
